CORPORATE PROFILE

Beazer Homes USA, Inc., headquartered in Atlanta, is one of the top ten homebuilders in the United States, based on the number of homes closed. Our operations are geographically diversified in 16 states across the country and our homes are designed to appeal to homebuyers at various price points across various demographic segments. Our long-term business strategy focuses on providing our customers with a high performance home, while seeking to maximize our return on invested capital over time. Beazer Homes' legacy includes building homes for America's families for over 50 years – over 130,000 in the last 12 years alone. Beazer Homes has been listed on the New York Stock Exchange since 1994 under the ticker symbol "BZH."

Beazer's high performance homes, called eSMART, are engineered for energy-efficiency, cost-savings and comfort. eSMART features come standard in every home we build and provide energy savings, water conservation and improved indoor air quality, which translates into a lower ongoing cost of ownership and greater comfort throughout the house. Beazer homeowners have the opportunity to accelerate their level of performance with upgrades to eSMART Plus and eSMART Green. The performance of our homes have been tested and verified by 3rd party sources.
