

Beazer Homes Provides Preliminary Fourth Quarter Data

November 10, 2008

Release of Fourth Quarter Financial Results Scheduled for December 2, 2008

ATLANTA, Nov 10, 2008 (BUSINESS WIRE) -- Beazer Homes USA, Inc. (NYSE: BZH) (www.beazer.com) today provided preliminary fourth quarter home closings and new home orders and its fiscal year ended cash balance. The Company's practice is to release such information as part of its quarterly financial reporting, but it provided this information in advance of an upcoming investor conference and investor meetings. The Company expects to announce its financial results for the fourth quarter and fiscal year ended September 30, 2008 on Tuesday, December 2, 2008, in order to provide sufficient time for the Company to complete its analysis of whether an 'ownership change' has occurred under Internal Revenue Code Section 382, and the possible impact on the application of the Company's net operating loss carryforwards.

Home closings for the quarter ended September 30, 2008, totaled 2,441, a 38.2% decline from the same period in the prior fiscal year. Net new home orders totaled 1,083 for the quarter, an increase of 10.3% from the same period in the prior fiscal year. This year-over-year increase was driven largely by a lower cancellation rate of 45.7% during the fourth quarter, compared to 68.1% in the same period of the prior year. The increase in net orders year-over-year was also achieved through a 17.2% increase in net orders in markets where the Company maintains a presence, partially offset by a 31.7% decline in net orders in markets the Company had previously announced it was exiting.

The Company noted, however, that the fourth quarter cancellation rate of 45.7% was sequentially higher than the 36.8% cancellation rate for the third quarter of this year, as market conditions continued to deteriorate during the fourth quarter amid further erosion of consumer confidence, heightened concerns about the overall economy, and disruptions in the financial and credit markets.

With respect to the Company's cash position, at September 30, 2008, the Company had a cash balance of \$584.3 million, compared to \$314.2 million at June 30, 2008 and \$454.3 million at September 30, 2007.
