Beazer Homes Announces Preliminary Operating Results

ATLANTA, September 18, 2019 - Beazer Homes USA, Inc. (NYSE: BZH) (www.beazer.com) (the “Company”) today announced that its sales for the first two months of its fiscal fourth quarter were up 12.5% year over year. This increase was primarily related to a higher pace, as sales per community per month rose to 3.0 from 2.7 in the previous year. In addition, the Company continues to expect its fiscal fourth quarter backlog conversion ratio to be similar to the fourth quarter of the prior fiscal year.

The Company will report its full fourth quarter 2019 results in November and is not updating any additional guidance at this time.

About Beazer Homes USA, Inc.

Headquartered in Atlanta, Beazer Homes (NYSE: BZH) is one of the country's largest homebuilders. Every Beazer home is designed and built to provide Surprising Performance, giving you more quality and more comfort from the moment you move in - saving you money every month. With Beazer's Choice Plans™, you can personalize your primary living areas - giving you a choice of how you want to live in the home, at no additional cost. And unlike most national homebuilders, we empower our customers to shop and compare loan options. Our Mortgage Choice program gives you the resources to easily compare multiple loan offers and choose the best lender and loan offer for you, saving you thousands over the life of your loan. We build our homes in Arizona, California, Delaware, Florida, Georgia, Indiana, Maryland, Nevada, North Carolina, South Carolina, Tennessee, Texas, and Virginia. For more information, visit beazer.com, or check out [beazer.com](#) on [Facebook](#), [Instagram](#) and [Twitter](#).

This press release contains forward-looking statements. These forward-looking statements represent our expectations or beliefs concerning future events, and it is possible that the results described in this press release will not be achieved. These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of our control, that could cause actual results to differ materially from the results discussed in the forward-looking statements, including, among other things: (i) economic changes nationally or in local markets, changes in consumer confidence, and wage levels, declines in employment levels, inflation or increases in the quantity and decreases in the price of new homes and resale homes on the market; (ii) the cyclical nature of the homebuilding industry and a potential deterioration in homebuilding industry conditions; (iii) factors affecting margins, such as decreased land values underlying land option agreements, increased land development costs on communities under development or delays or difficulties in implementing initiatives to reduce our production and overhead cost structure; (iv) the availability and cost of land and the risks associated with the future value of our inventory, such as asset impairment charges we took on select California assets during the second quarter of fiscal 2019; (v) shortages of or increased prices for labor, land or raw materials used in housing

production, and the level of quality and craftsmanship provided by our subcontractors; (vi) estimates related to homes to be delivered in the future (backlog) are imprecise, as they are subject to various cancellation risks that cannot be fully controlled; (vii) increases in mortgage interest rates, increased disruption in the availability of mortgage financing, a change in tax laws regarding the deductibility of mortgage interest for tax purposes or an increased number of foreclosures; (viii) our cost of and ability to access capital, due to factors such as limitations in the capital markets or adverse credit market conditions, and ability to otherwise meet our ongoing liquidity needs, including the impact of any downgrades of our credit ratings or reductions in our tangible net worth or liquidity levels; (ix) our ability to reduce our outstanding indebtedness and to comply with covenants in our debt agreements or satisfy such obligations through repayment or refinancing; (x) our ability to implement and complete our capital allocation plans, including our share and debt repurchase programs; (xi) increased competition or delays in reacting to changing consumer preferences in home design; (xii) weather conditions or other related events that could result in delays in land development or home construction, increase our costs or decrease demand in the impacted areas; (xiii) estimates related to the potential recoverability of our deferred tax assets, and a potential reduction in corporate tax rates that could reduce the usefulness of our existing deferred tax assets; (xiv) potential delays or increased costs in obtaining necessary permits as a result of changes to, or complying with, laws, regulations or governmental policies, and possible penalties for failure to comply with such laws, regulations or governmental policies, including those related to the environment; (xv) the results of litigation or government proceedings and fulfillment of any related obligations; (xvi) the impact of construction defect and home warranty claims; (xvii) the cost and availability of insurance and surety bonds, as well as the sufficiency of these instruments to cover potential losses incurred; (xviii) the performance of our unconsolidated entities and our unconsolidated entity partners; (xix) the impact of information technology failures or data security breaches; (xx) terrorist acts, natural disasters, acts of war or other factors over which we have little or no control; or (xxi) the impact on homebuilding in key markets of governmental regulations limiting the availability of water.

Any forward-looking statement speaks only as of the date on which such statement is made and, except as required by law, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time-to-time, and it is not possible to predict all such factors.
