The maximum aggregate principal amount of the Company's 5.75% Senior Notes due 2019 (the "2019 Notes" and together with the 2023 Notes, the "Notes") that Beazer is offering to purchase in its previously announced cash tender offer will remain at \$225 million.

(1) Per \$1,000 principal amount of Notes validly tendered and accepted.

(2) Accrued interest will be paid in addition to the Total Consideration or the Tender Offer Consideration, as applicable.

(3) Includes Tender Offer Consideration and Early Tender Payment.

The tender offers will expire at 12:00 midnight, New York City time, at the end of the day on October 23, 2017, unless extended or earlier terminated by the Company (such time and date, as the same may be extended or earlier terminated, the "Expiration Time"). In order to be eligible to receive the Total Consideration (as described below) for tendered Notes, holders must validly tender and not validly withdraw their Notes prior to 5:00 p.m., New York City time, on October 6, 2017, unless extended or earlier terminated by the Company (such time and date, as the same may be extended or earlier terminated, the "Early Tender Deadline").

The tender offers are subject to the satisfaction or waiver of certain conditions as described in the Offer to Purchase, including (1) the receipt of at least \$400 million in gross proceeds from one or more offerings of senior notes on terms reasonably acceptable to the Company, and (2) certain general conditions, in each case as described in more detail in the Offer to Purchase. If any of the conditions are not satisfied, the Company may terminate the tender offers and return tendered Notes, may waive unsatisfied conditions and accept for payment and purchase all validly tendered Notes, may extend the tender offers or may otherwise amend the tender offers. Any Notes that are not validly tendered and accepted for purchase pursuant to the tender offers will remain obligations of the Company. The Company currently expects to repay the 2019 Notes that remain outstanding following the tender offers on or after March 15, 2019 at par, or through additional repurchases prior thereto.

The "Total Consideration" for each \$1,000 principal amount of 2019 Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to the tender offers will be an amount equal to \$1,060.00, payable in cash to holders that validly tender their 2019 Notes prior to the Early Tender Deadline, plus accrued and unpaid interest. The "Total Consideration" for each \$1,000 principal amount of 2023 Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to the tender offers will be an amount each to \$1,052.75, payable in cash to holders that validly tender their 2023 Notes prior to the Early Tender Deadline, plus accrued and unpaid interest.

The Total Consideration set forth above includes, for each series of Notes, an Early Tender Payment of \$30 per \$1,000 principal amount of Notes, payable only to holders that validly tender and do not validly withdraw their Notes prior to the Early Tender Deadline. Holders of Notes validly tendered after the Early Tender Deadline will not receive an Early Tender Payment.

Notes may be subject to proration if the aggregate principal amount of such series of Notes validly tendered and not validly withdrawn would cause the applicable Maximum Tender Amount set forth in the table above to be exceeded. In the event any tendered Notes are not accepted for purchase due to proration, they will be promptly returned or credited to the Holder's account.

The complete terms and conditions of the tender offers are set forth in the Offer to Purchase and the related Letter of Transmittal that are being sent to holders of the Notes. Holders are urged to read the Offer to Purchase and Letter of Transmittal carefully when they become available.
