Beazer Homes Sacramento Wins Top National Award for Quality of Construction

April 10, 2019

SACRAMENTO, Calif.--(BUSINESS WIRE)--Apr. 10, 2019-- Beazer Homes' Northern California Division was awarded first place for the Quality of Construction Award for Full-Scope Quality Assurance (QA) Inspections by Quality Built, LLC. Quality Built is the nation's leader in third party QA inspections and risk management solutions for new building construction. The awards recognize builders in their program who consistently build to a high level of quality and pursue continuous process improvement.

Over 185 international builders, product manufactures, and insurance companies gathered in Las Vegas, NV for the 2019 Quality Built Builder Awards ceremony.

To qualify for the first place award, builders had to build at least 50 units annually, be enrolled in the Quality Built program for three years, and maintain consistent quality of construction spanning across all projects within their division. The Full-Scope QA Inspections is among Quality Built's most comprehensive services and addresses the foundation (pre-pour), windows pre-wrap and post-wrap, exterior frame, balcony waterproofing, weather resistive barrier (WRB), lath, siding, flashings, mechanical, electrical and plumbing (MEP)/rough trades - interior frame, roof dry-in and roof final.

"Throughout 2018, Quality Built inspected 100,422 homes within 2,784 communities across the United States," said Beth Michaelis, president and co-founder, Quality Built. "Winning this award is certainly something Beazer NorCal should be proud of. This division is dedicated to building a quality home, which has been evidenced through the hundreds of inspections conducted by our Field Consultants on their projects. They have every home inspected at multiple stages of construction and immediately act to correct any issues found. More importantly, they utilize the data to improve processes to minimize reoccurrences."

Ray Ferrarini, vice president of operations in Beazer's Northern California Division, accepted the #1 award alongside the Quality Built executive team and their strategic partner, professional contractor and TV host, Mike Holmes. "Our goal is to build a high-performing, quality home that delivers long-term durability and comfort to our valued customers," Ferrarini explained. "We are very proud of our internal team, trade partners, vendors and consultants. This was truly a team effort that resulted in Beazer earning this prestigious award for our quality of construction."

"I know that to win the #1 Quality Built Award you can't do it alone," said Mike Holmes, TV Host and president, The Holmes Group. "You need a dedicated team, at every level of the organization, that truly believes in the value that comes with caring about ensuring the highest standards are achieved for every home. I am proud of my partnership with Quality Built's inspection program. Together, we are able to help identify and collaborate on best building practices combined with detailed performance verification to Make It Right[®], the first time."

About Beazer Homes
