

Beazer Provides Preliminary Fourth Quarter Data

October 13, 2011

ATLANTA, Oct 13, 2011 (BUSINESS WIRE) --

Beazer Homes USA, Inc. (NYSE: BZH) (www.beazer.com) today provided preliminary fourth quarter new home orders, new home closings and its backlog and cash and cash equivalents as of September 30, 2011. The Company is providing this information in advance of an upcoming investor conference and investor meetings.

The Company currently expects to announce its financial results for the quarter ended September 30, 2011 on Tuesday, November 15, 2011.

Results from continuing operations for the quarter ended September 30, 2011:

- Q4 FY11 Orders: 1,006, up 33% from Q4 FY10
- Q4 FY11 Closings: 1,376, up 23% from Q4 FY10
- Backlog units at September 30, 2011: 1,450, up 88% from September 30, 2010

Cash & Cash Equivalents:

- Total cash & cash equivalents at September 30, 2011: \$646 million
- Unrestricted cash at September 30, 2011: approximately \$370 million

Due to several new mortgage underwriting audit processes implemented in September by the Company's largest mortgage provider, over 100 home closings were pushed from the last week of September into October. These closings are expected to generate approximately \$23 million of additional cash during the first 2 weeks of October that had previously been anticipated to be collected prior to September 30, 2011. The Company is working with the mortgage provider to improve the home closing process in order to provide better customer service to its home buyers and more visibility to the timing of its anticipated cash flows.

"I am pleased that we generated higher year-over-year new home orders in the fourth quarter of fiscal 2011 despite a litany of global and national economic challenges," said Allan Merrill, CEO of Beazer Homes. "While we fell slightly short of our stated goal of matching last year's orders for the full year, the double-digit improvements in home sales in both our third and fourth quarters allow us to begin fiscal 2012 with a backlog of home sales nearly 90% higher than we had a year ago. We have substantial cash liquidity and no significant debt maturities until 2015 and believe we are positioned in 2012 to make progress toward our objective of returning to profitability."

Beazer Homes USA Inc., headquartered in Atlanta, Georgia, is one of the ten largest single-family homebuilders in the United States.
