REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants in and the Plan Administrator of
Beazer Homes USA, Inc. 401(k) Plan
Atlanta, Georgia

We have audited the accompanying statements of net assets available for benefits of Beazer Homes USA, Inc. 401(k) Plan (the "Plan") as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Beazer Homes USA, Inc. 401(k) Plan
Notes to Financial Statements

1. Description of Plan

The following description of the Beazer Homes USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan established to encourage and assist employees in saving and investing payroll withholdings for the purpose of receiving retirement benefits. The Plan is a savings and investment plan covering eligible employees of Beazer Homes USA, Inc. and subsidiaries (the "Company"). The Plan is administered by a committee appointed by the Company's Board of Directors and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility — All employees who have attained 21 years of age are eligible to participate in the Plan on the first day of the month following the completion of 30 days of service.

Contributions — Contributions to the Plan are comprised of salary deferral contributions by Plan participants, Company matching contributions, Company discretionary contributions, and rollovers from other plans. Non highly compensated employees may elect to make a salary deferral contribution of 1% to 80% of annual compensation on a pre-tax basis, up to a maximum of \$15,500 (\$20,500 for participants who are at least 50 years old) for the year ended December 31, 2007 and \$15,000 (\$20,000 for participants who are at least 50 years old) for the year ended December 31, 2006. There is an administrative limit on the salary deferral contributions of highly compensated employees equal to 8% of annual compensation on a pre-tax basis, up to a maximum of \$15,500 for the year ended December 31, 2007 and \$15,000 for the year ended December 31, 2006. In addition, the Company's matching contributions are discretionary, but the Company has historically made Company matching contributions equal to 50% of the first 6% of annual earnings contributed by the employees. The Company did make such matching contributions for the years ended December 31, 2007 and 2006.

The Company may elect, at the discretion of the Board of Directors, to make an additional discretionary contribution. The Company did not make any discretionary contributions for the years ended December 31, 2007 or 2006.

Participant Accounts — Individual accounts are maintained for each Plan participant. Participant accounts are credited with participant and Company contributions and an allocation of the Plan's earnings and charged with withdrawals and an allocation of the Plan's losses and administrative expenses, as applicable. The benefit to which a participant is entitled is the vested balance in their account.

Gains and losses on plan investments are allocated between all participants' accounts in the same proportion that each participant's account bears to the total of all participants' accounts within specified investment funds.

Each participant may direct the investment of his or her account to the various investment options offered by the Plan, which includes a Company stock fund (see Note 5).

Effective January 3, 2006, Fidelity Management Trust Company (“Fidelity”) became the new trustee of the Plan, and Fidelity Retirement Services became the recordkeeper for the Plan. All Plan investments were transferred to Fidelity, as trustee. In connection with the change in Plan recordkeeper, certain administrative modifications to the Plan went into effect. The Plan descriptions herein reflect the current provisions of the Plan.

Vesting of Benefits — Participants become vested in the Company discretionary contributions and the Company matching contributions in accordance with the following schedule:

Completed Years of Service	Percentage Vested
Less than two years	0%
Two, but less than three years	25%
Three, but less than four years	50%
Four, but less than five years	75%
Five years or more	100%

Amounts forfeited upon termination are used to reduce future Company contributions. At December 31, 2007 and 2006, forfeited non-vested accounts available to reduce future Company contributions totaled \$156,541 and \$692,501, respectively. During the years ended December 31, 2007 and 2006 the Company’s contributions were reduced by \$1,912,426 and \$988,109 for forfeitures, respectively.

The salary deferral contributions are fully vested and non-forfeitable at all times.

Distributions — Upon normal retirement, permanent disability, death or termination of employment the participant or his or her designated beneficiary may receive his or her vested interest in the Plan in the form of a lump-sum payment.

Participant Loans — A participant may request a loan equal to part or all of the value of his or her salary deferral contributions and the vested portion of the Company matching contributions subject to a minimum of \$1,000, but not to exceed the lesser of (1) one-half of the participant’s vested percentage of his account or (2) \$50,000 reduced by the highest outstanding loan amount in the past 12 months. Such loans bear interest at a fixed rate for the term of the loan, equal to the prime rate at the beginning of the month in which the loan is made plus 1% (8.25% and 9.25% at December 31, 2007 and 2006, respectively). The loan balance is collateralized by the participant’s account. Upon retirement or termination of the participant’s employment, distributions from a participant’s account are made net of the outstanding loan balance. The loans are repaid through salary withholdings over periods generally ranging from 1 to 5 years except that the repayment period for loans made for the purchase of a home may range from 1 to 10 years. These periods may be extended for leaves of absences due to military duty or disability.

Administrative Expenses — Administrative costs and expenses are generally paid by the Company, with the exception of miscellaneous charges for loans and distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

In accordance with Financial Accounting Standards Board (“FASB”) Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the “FSP”), the Statements of Net Assets Available for Benefits present the fair value of investments as well as the adjustment of the common collective trust fund, which holds investments in fully benefit-responsive investment contracts, from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are presented on a contract value basis and are not affected by the FSP.

Recently Issued Accounting Pronouncements — In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 157, “Fair Value Measurements” (“SFAS 157”), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 does not require new fair value measurements, but provides guidance on how to measure fair value by establishing a fair value hierarchy used to classify the source of the information. SFAS 157 is effective for fiscal years beginning after November 15, 2007. The Plan’s management is currently evaluating the impact the adoption of SFAS 157 would have on the Plan’s financial position or results of operations; however, it is not expected to have a material impact on the Plan’s financial position or results of operations.

Investment Valuation and Income Recognition — Investments, other than investments in common collective trusts and participant loans, are stated at fair value based on quoted market prices in an active market. Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust fund based on the fair value of the underlying investments. Common collective trust funds with underlying investments in investment contracts are valued at fair value of the underlying investments and then adjusted by the issuer to contract value. Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized gains and losses on investments sold during the period. The participant loans are valued at the outstanding loan balances, which approximates fair value.

The Fidelity Managed Income Portfolio Fund is a stable value fund that is a commingled pool of the Common Collective Trust for Employee Benefit Plans. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Use of Estimates and Risks and Uncertainties — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments, including mutual funds, common stock and a common and collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Payment of Benefits — Benefit payments are recorded upon distribution.

3. Investments

The following table presents the investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2007 and 2006:

4. Federal Income Tax Status

Effective January 3, 2006, in connection with the change in trustees to Fidelity, the Plan was modified to a Fidelity prototype plan with non-standard amendments. As soon as the Plan is procedurally eligible to do so under current Internal Revenue Code (“IRC”) guidelines, the Plan’s management intends to request a determination from the Internal Revenue Service that the modified plan is qualified, and that the trust established under the modified plan is tax-exempt under the appropriate sections of the IRC. The Plan’s management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

5. Exempt Party-In-Interest Transactions

Party-in-interest investments held by the Plan included 592,673 shares and 629,185 shares of Beazer Homes USA, Inc. common stock at December 31, 2007 and 2006, with a fair value of approximately \$4.4 million and \$29.6 million, respectively. Dividend income earned on Beazer Homes USA, Inc. common stock was approximately \$181,000 and \$227,000 for the years ended December 31, 2007 and 2006, respectively.

Due to the inability of the Company to timely file its Annual Report on Form 10-K for the fiscal year ended September 30, 2007 (the "2007 Form 10-K"), investments in the Plan's Beazer Homes USA, Inc. common stock fund were suspended, effective December 7, 2007. Accordingly, a blackout period went into effect under the Plan during which Plan participants are unable to direct investments into the Beazer Homes USA, Inc. common stock fund. This blackout period began on December 7, 2007 at 4:00 p.m., Eastern Standard Time, and will end at 4:00 p.m., Eastern Standard Time, on a date to be determined by the Company's Compensation Committee. The Company filed its 2007 Form 10-K with the Securities and Exchange Commission on May 12, 2008.

As of December 31, 2007, certain Plan investments are shares of investment funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Litigation

On April 30, 2007, a putative class action complaint was filed on behalf of a purported class consisting of present and former participants and beneficiaries of the Plan, naming Beazer Homes, certain of its current and former officers and directors and the Benefits Administration Committee as defendants. The complaint was filed in the United States District Court for the Northern District of Georgia. The complaint alleges breach of fiduciary duties, including those set forth in ERISA as a result of the investment of retirement monies held by the Plan in common stock of Beazer Homes at a time when participants were allegedly not provided timely, accurate and complete information concerning Beazer Homes. Four additional lawsuits were filed subsequently on May 11, 2007, May 14, 2007, June 15, 2007 and July 27, 2007 in the United States District Court for the Northern District of Georgia making similar allegations. The court has consolidated these five lawsuits, and the plaintiffs are expected to file a consolidated amended complaint on June 27, 2008. The Company intends to vigorously defend against these actions. The Plan is not a party to these matters.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2007 and 2006:

Statement of Net Assets Available for Benefits:	<u>2007</u>	<u>2006</u>

Change in deemed distributions	4,998	(19,498)
Net loss per Form 5500	<u>\$(23,115,204)</u>	<u>\$(6,974,070)</u>

9. Department of Labor Audit

During November 2007, the U.S. Department of Labor (“DOL”) commenced an audit of the Plan’s records for the years ended December 31, 2007, 2006 and 2005. At this time, the DOL has not concluded its audit and the Company is unable to predict the outcome of the audit or its impact on the Plan.
