PRESS RELEASE

Beazer Homes Reports Third Quarter Fiscal 2015 Results

ATLANTA, August 4, 2015 - Beazer Homes USA, Inc. (NYSE: BZH) (www.beazer.com) today announced its financial results for the three and nine months ended June 30, 2015.

The Company reported net income from continuing operations of \$12.2 million for the quarter ended June 30, 2015, compared with a net loss of \$13.2 million, which included a \$19.8 million loss on the extinguishment of debt, for the quarter ended June 30, 2014.

New home orders grew 18.1% for the quarter, with an average active community count that was 17.1% higher than a year ago. Absorption rates were especially strong at 3.1 sales per community per month for the quarter, while the average selling price ("ASP") increased to \$318.0 thousand, the highest ASP for any quarter in the Company's history. Finally, the Company ended June 2015 with 2,764 units in backlog, a 25.0% increase from the prior year period, with an ASP of \$325.3 thousand (8.5% greater than the ASP of backlog as of the end of the prior year quarter). The Company's backlog value for the quarter ended June 30, 2015 was \$899.2 million, a 35.6% increase from the prior year quarter.

Adjusted EBITDA of \$36.9 million was up more than \$5 million versus last year. For the trailing twelve months, Adjusted EBITDA of \$134.4 million was up more than \$21 million, or 18.6%, compared to last year. Due to a lower than expected backlog conversion ratio in the second half of our fiscal year, caused primarily by weather-related delays in Texas, we now expect full year fiscal 2015 EBITDA growth of approximately \$10 million versus the prior year, excluding certain previously disclosed warranty and litigation settlement costs.

"This quarter marked another step toward achieving our '2B-10' objectives, with increased home closings, higher average sales prices, and G&A leverage leading to improved profitability," said Allan Merrill, CEO of Beazer Homes. "Although there will always be factors such as weather that are outside of our control, our focus on improving profitability is unwavering. Driven by a growing community count, strong sales pace, higher selling prices, and further G&A leverage, we remain resolved to reach our '2B-10' objectives."

Summary results for the three and nine months ended June 30, 2015 are as follows:

This press release contains forward-looking statements. These forward-looking statements represent our expectations or beliefs concerning future events, and it is possible that the results described in this press release will not be achieved. These forward-looking statements are subject to risks, uncertainties and other factors, many of which are outside of our control, that could cause actual results to differ materially from the results discussed in the forward-looking statements, including, among other things: (i) continuing severe weather conditions or other related events could result in delays in land development or home construction, increase our costs or decrease demand in the impacted areas; (ii) the availability and cost of land and the risks associated with the future value of our inventory such as additional asset impairment charges or writedowns; (iii) economic changes nationally or in local markets, including changes in consumer confidence, declines in employment levels, inflation and increases in the quantity and decreases in the price of new homes and resale homes in the market; (iv) the cyclical nature of the homebuilding industry and a potential deterioration in homebuilding industry conditions; (v) estimates related to homes to be delivered in the future (backlog) are imprecise as they are subject to various cancellation risks which cannot be fully controlled; (vi) shortages of or increased prices for labor, land or raw materials used in housing production and the level of quality and craftsmanship provided by our subcontractors; (vii) our cost of and ability to access capital and otherwise meet our ongoing liquidity needs including the impact of any downgrades of our credit ratings or reductions in our tangible net worth or liquidity levels; (viii) our ability to comply with covenants in our debt agreements or satisfy such obligations through repayment or refinancing; (ix) a substantial increase in mortgage interest rates, increased disruption in the availability of mortgage financing, a change in tax laws regarding the deductibility of mortgage interest, or an increased number of foreclosures; (x) increased competition or delays in reacting to changing consumer preference in home design; (xi) factors affecting margins such as decreased land values underlying land option agreements, increased land development costs on communities under development or delays or difficulties in implementing initiatives to reduce production and overhead cost structure; (xii) estimates related to the potential recoverability of our deferred tax assets; (xiii) potential delays or increased costs in obtaining necessary permits as a result of changes to, or complying with, laws, regulations, or governmental policies and possible penalties for failure to comply with such laws, regulations and governmental policies, including these related to the environment; (xiv) the results of litigation or government proceedings and fulfillment of the obligations in the consent orders with governmental authorities and other settlement agreements;

(xv) the impact of construction defect and home warranty claims, including water intrusion issues in Florida and New Jersey; (xvi) the cost and availability of insurance and surety bonds; (xvii) the performance of our unconsolidated entities and our unconsolidated entity partners; (xviii) the impact of information technology failures or data security breaches; (xix) effects of changes in accounting policies, standards, guidelines or principles; or (xx) terrorist acts, acts of war or other factors over which the Company has little or no control.

Any forward-looking statement speaks only as of the date on which such statement is made, and, except as required by law, we do not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time and it is not possible for management to predict all such factors.

Reconciliation of homebuilding gross profit before impairments and abandonments and interest amortized to cost of sales and the related gross margins to homebuilding gross profit and gross margin, the most directly comparable GAAP measure, is provided for each period discussed below. Management believes that this information assists investors in comparing the operating characteristics of homebuilding activities by eliminating many of the differences in companies' respective level of impairments and level of debt.

In addition, given the unusual size and nature of the charges recorded related to the Florida stucco issues during the nine months ended June 30, 2015, homebuilding gross profit is also shown excluding these charges. Management believes that this representation best reflects the operating characteristics of the Company.
